George Mason High School

Virginia Advanced Studies Diploma

- Valedictory Scholar; 4.17/4.00 weighted GPA

Falls Church, VA
September 2017 – May 2021

WORK EXPERIENCE

Glass House Recycling LLC

Founder/CEO

- Founded curbside glass-pickup business with brother at age 17 to meet demand after Falls Church City stopped providing municipal glass recycling service, later incorporated
- Leveraged digital advertising and media (NBC, WAMU, NowThis) to grow customer base to over 100 households and expanded into commercial pick-up services
- Set up customer accounts and mailing/billing with limited reliance on third party services
- Learned how to, and filed all business taxes and paperwork (1040s, 1065; Schedules B, E, SE, 2; etc.)

Falls Church, VA
February 2020 – Present (remote)

Mary Riley Styles Public Library

Page

- Assisted patrons, shelved, checked in, and catalogued books, and supported full-time staff
- Stellar half-year performance review

Falls Church, VA
January 2019 – March 2020

PROJECTS

Mustang Mug

Svelte, Node.js, Google Firebase

- Served as 1 of 2 leads for a team that designed, built, and deployed an online ordering web application for my High School's café, replacing a staff-intensive and inefficient Google form ordering system
- Used MySchoolBucks' API to provide payment options, and report sales to the school's existing platform and hosted application on Firebase
- Included a user-facing store that wraps the MySchoolBucks point of sale system and an administrator dashboard for complete configuration of the store's hours and menu
- Wrote user documentation for students and school staff, and technical documentation for future student maintainers

Falls Church, VA
April 2021 – August 2021

My CS Plan – Hello World Hackathon

Next.js, Flask

- Worked on a four-person team during Purdue's 2021 Hello World Hackathon to create a web app that returned the minimum listing of classes to achieve two Purdue CS concentrations, given two user choices.
- Designed and implemented front-end webpage, and interfaced with flask backend, making HTTP requests with user-selected tracks to fetch and display the optimized course listings

West Lafayette, IN
September 2021

MileSplit Ranks Web Scraper

Node.js, Cheerio

- Built web scraper to get ranked list of runners by region/event/gender/etc. from MileSplit without paying for pro membership
- Output ranked list in non-technical, easily readable format for track team members, which assisted in planning for regional competition

Falls Church, VA
May 2021 – June 2021
